Dean's updates

CLAS enrollment for winter '23 down about 8%, about 1000 students in comparison from last year.

A calling campaign was done to students as they are not registering for the next term (winter), many responses are taking a mental health break and campus doesn't seem exciting.

Matters arising

Placement exams for mathematics have been in-person and proctored in past years. Now, these math placement exams are online, and there have been cheating problems. It has been asked that the dean's office

bring this issue to the attention of the provost's office. Professor Khosla will bring this issue to the academic senate.

What can CLAS/WSU do with AP credits – can we create a statement. Professor Khosla mentioned that the academic senate will address this matter at their next meeting.
