

## Public History Electives

All of courses listed below are approved electives for the certificate; not all courses are offered on a regular basis. The list is meant to be suggestive, not exhaustive. Other courses may be appropriate as electives; this is particularly true of courses in Communications and Business, which may have prerequisites or require special permission to enroll. Please work with your advisor to identify electives relevant to your academic and professional goals.

ANT 5060, Urban Anthropology (3 cr.)
