

QuarkNet Master Class for High School Students & Teachers

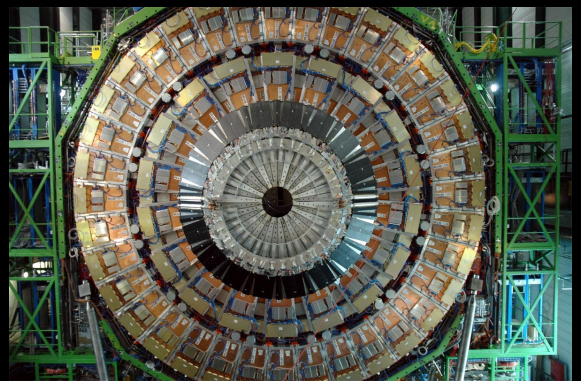

SATURDAY, MARCH 10, 2012
9:00am to 4:30pm

*Spend a day learning how a particle physics experiment is done with
particle physicists at Wayne State University!*

QuarkNet is a network of dedicated particle physicists and high school teachers, providing high school students in grades 10-12 with first-hand experience in science, R&D, and interaction with real-life scientists.

The Master Class includes...

- Instruction with data from the CMS experiment at the Large Hadron Collider
- Lunch with Wayne State faculty
- Video session with other students from across the country

Teachers with interested students can contact
Professor Robert Harr
robert.harr@wayne.edu
prior to March 2, 2012.

Visit <http://physics.clas.wayne.edu/outreach/quarknet.php>
for additional information.

***The Master Class will be held on the
campus of Wayne State University
in the:***

College of
Liberal Arts and Sciences
Department of Physics and Astronomy

Physics Research Building
666 W. Hancock Avenue
Detroit, MI 48201
