

TRANSIT OF VENUS

TUESDAY, JUNE 5 • 6PM UNTIL SUNSET

COME AND VIEW THE TRANSIT, THE LAST IN OUR LIFETIME!

There will be lots going on, including:

- Viewing the transit through telescopes up on the roof of the Physics building
- Planetarium shows at 6:45pm and 7:45pm in Old Main
- A live NASA feed in case of bad weather (Rm 245, Physics)
- Phantastic Physics demos, with fire tornado! (Rm 245, Physics)

Stop by the Department of Physics & Astronomy, 666 W. Hancock St, and experience the transit for yourself! This event is free of charge.
