

## Useful Resources

Here is a list of web-based resources that we hope you find useful. This is not meant to be exhaustive or complete and there are many more really excellent resources out there on the web - just Google! If viewing a PDF version of this file electronically, the links are clickable.

### 1 Citizen Science

Zooniverse <http://www.zooniverse.org>

Some projects that are part of the Zooniverse:

Galaxy Zoo <http://www.galaxyzoo.org>

Planet Hunters <http://www.planethunters.org/>

A good reference for Galaxy Zoo, with activities:

<http://www.calacademy.org/educators/lesson-plans/galaxy-zoo-keeper-training>

and many, many more.....

### 2 Astronomy Pictures

Astronomy Picture of the Day <http://apod.nasa.gov>

Hubble Space Telescope Galleries <http://hubblesite.org>

Chandra X-ray Telescope Galleries <http://chandra.harvard.edu>

### 3 The Sun

SOHO satellite <http://sohowww.nascom.nasa.gov/>

Stanford Solar Center <http://solar-center.stanford.edu/teachers/lessons.html>

NOAO Sun resource list <https://www.noao.edu/outreach/resource/sun.html>

### 4 Classroom resources and activities

AstroEdu <http://astroedu.iau.org/>

NASA's education site <http://nasawavelength.org>

NSF - list of resources <http://nsf.gov/news/classroom/astronomy.jsp>

Institute of Physics [http://www.iop.org/resources/videos/education/classroom/astronomy/page\\_51897.html](http://www.iop.org/resources/videos/education/classroom/astronomy/page_51897.html)

McDonald Observatory <http://mcdonaldobservatory.org/teachers/classroom>
